A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 709 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

PRESIDENT'S DAUGHTER ADVOCATES SCHOOL REFORM BILL

Washington, April 13.—Miss Margaret Wilson, daughter of the President, before a House committee yesterday, advocated a bill to permit the use of District of Columbia schoolhouses for community forums. The measure has aroused opposition, particularly in the local school board.

"We are maintaining," Miss Wilson said, "that a meeting of citizens is as important as a meeting of their representatives and it should have the same machinery with which to work as Congress."

Representative Ragsdale of South Carolina asked Miss Wilson whether whites and negroes would be permitted to participate in the meetings. She said this problem would work out itself.

Objection to the plan on the ground that Sunday afternoon meetings are proposed brought this comment from Miss Wilson: "I do not think it is the business of Congress, the board of education or anybody else, to say whether we shall meet on Sunday afternoons. The only concern of Congress is whether these buildings shall be used at all."

HIS FIRST STEAMBOAT RIDE.

(Ripley Bee.)

A Fleming county (Ky.) farmer came down on the C. & O. from Maysville the other day to get a supply of "booze," and came across the river on the Proctor K. Smiley. After "wetting his whistle" two or three times in one of Ripley's cafes, the old man proceeded to tear pages out of his life history. Among other things he said that day was a red letter one in his calendar, as it marked his first steamboat ride, on the trip from South Ripley to Ripley. He had been on several railroad trains, but no steamboat, and he enjoyed it, too.

TO STICK BY BRANDELS.

Washington, April 13.—President Wilson, it was learned yesterday, is determined to stand behind the nomination of Louis D. Brandeis as associate justice of the Supreme Court, in spite of reports of determined opposition among members of the Senate. Officials said the President would not consider withdrawing the nomination.

WHAT WEAK WOMEN NEED

We Have It In A Remedy Containing the Three Oldest and Most Famous Tonics Known.

Vinol contains the three oldest and most famous tonics known to medicine, viz—the medicinal extractives of fresh cod livers, without oil, peptonate of iron and beef peptonate.

That is why Vinol is such a wonderful remedy for weak, run-down persons, feeble old people, delicate children, and to restore strength after sickness. Read this testimony.

Savannah, Ga. "I was weak, nervous, run-down, had no appetite, and could not sleep, had tried medicines without any benefit, and one day the nurse asked me to try Vinol. I did so and it made me feel like a new woman. It has restored my strength and I can do all my own housework. I would not take anything for the good Vinol has done me." Sarah White.

We will return money in every such case where Vinol fails to benefit the purchaser.

PLANS FLOOD BOATS TO RESCUE PEOPLE NEAR RISEN RIVERS.

Washington, April 13.—As a matter of flood relief in the Ohio and Mississippi Valleys, the United States Coast Guard is perfecting plans for three flood boats especially designed to afford the greatest possible use in times of high water. Congress will be asked to construct these relief vessels, to cost \$80,000 each.

They will be constructed in much the same fashion as the early river flatboats. They will draw only two or three feet of water. These boats will be about 125 feet long, will be equipped with powerful engines driving twin screws to be set in tunnels beneath instead of at the stern, and each will have four power lifeboats on deck.

The purpose of the vessels will be not only to cruise swollen rivers saving life and property, but if necessary to proceed off regular water courses and sail over inundated city streets, picking up persons from water surrounded houses, trees and high mounds. Each boat will be able to take aboard about 500 persons. If Congress provides the vessels they will be stationed at Louisville, Ky., Cincinnati, Helena, Ark., and Vicksburg, Miss. Coast Guard officials declare that had such vessels been available the loss of life and property would have been much lessened.

HOT SHOT FOR BAKER FOR NOT PROTECTING CITIZENS ON BORDER.

Washington, April 13.—Senators Ashurst and Smith, Democrats, of Arizona, delivered a broadside of denunciations against Secretary of War Baker on the Senate floor yesterday for refusing to furnish arms to citizens to protect their lives and property along the border.

Senator Ashurst charged Baker with openly defying the law providing for the sale of magazine rifles by the War Department to rifle clubs.

He said Secretary Baker told him if rifles were supplied to border citizens they might "get hotheaded and do damage."

"I resent the statement of the Secretary of War," said Ashurst. "The citizens are no more likely to do damage than a Secretary of War who says he is above the law. They at least obey the law, which is more than the Secretary of War is willing to do."

KENTUCKY FISH LAW.

A bill passed by the Kentucky Legislature which forbids fishing with nets has caused a commotion among fishermen along the Ohio river, inasmuch as the system is under control of Kentucky as far as the low water mark. It seems that even Kentucky state officials did not know the bill passed the teeth in it discovered later. They were surprised to learn that the prohibition extends to navigable boundary streams, and Kentucky has control of the waters of the Ohio to low water mark on the opposite shore.

It is said thousands of men along the banks of the Ohio make their living catching fish with nets and many of them have investments of \$200 to \$300.

It was the intention of the Game and Fish Department to exclude the Ohio, but the question was raised whether the bill would stand the test, not applying uniformly to all streams. As it was passed it included all waters of Kentucky.—Augusta Chronicle.

STRUGGLE FOR VERDUN SHOWS NO SIGN OF ENDING.

London, April 13.—Near Caurettes wood, just west of the Meuse river, another attempt to break the French line defending Verdun was made yesterday by the German troops. The official communication from Paris says the attack was repulsed.

Press dispatches from Paris give praise to the German soldiers, who after nearly two months of the fiercest fighting kept up the struggle with no visible diminution of courage and ardor. The French, too, sustain the shock of battle with no evidences of fatigue, and the struggle for Verdun goes on with no sign of an ending.

After a winter of inactivity along the Greek frontier, heavy fighting is now under way, although apparently it is still confined principally to artillery actions. An unconfirmed report from Saloniki tells of the capture of a fortified position by the German allies, but so far as is indicated, no large bodies of infantry have been engaged.

The latest effort of the British forces in Mesopotamia to reach the troops besieged at Kut-el-Amara is said by the Turkish war office to have cost them heavy losses. It is stated that more than 3,000 British dead were counted after the battle, which, according to a previous official British communication, occurred at Sannayat on the Tigris, below Kut-el-Amara.

Spain is awaiting further information before deciding its course in regard to the sinking of the Spanish steamship Santandera, with the loss of four lives. The Santandera is reported unofficially to have been sunk by a submarine, but Premier Romanones expressed himself as reluctant to believe these reports until a thorough inquiry has been made. Meanwhile, he stated, preliminary instructions have been telegraphed to the Spanish ambassador in Berlin.

BACK TO SPAIN.

Portsmouth, N. H., April 13.—The United States yesterday surrendered to Spain, with memorial ceremonies, the bodies of thirty-one Spanish sailors, who died in the stockades here after their capture in the battle of Santiago.

As the official representative of the American government, Rear Admiral Knight transferred custody of the bodies to Colonel Don Nicholas Urcula, military attaché of the Spanish embassy at Washington. Both representatives referred to the friendly relations now existing between the two nations.

Transfer of the bodies to the steamer was marked by a procession in which a company of marines and three companies of blue jackets from United States war vessels marched behind the coffins. As the coffins were placed on the steamer Admiral Lobo, which is to take them to Cadiz, three volleys were fired by the entire company of marines.

COMMITTEE APPOINTED.

Frankfort, Ky., April 13.—Governor Stanley yesterday, in pursuance to a resolution passed by the recent Legislature, appointed members of the committee to investigate the feeble-minded conditions of the state. The committee will be composed of Emil Tachan, Stewart Chevalier, Fred Levy, Henry E. Tuley and Morris Belknap, all of Louisville, Ky.

ST. LOUIS WOMAN FILES SUIT FOR DIVORCE FROM HARRY K. THAW.

St. Louis, Mo., April 13.—Christina Thaw of St. Louis, yesterday filed suit for divorce from Harry K. Thaw in the Circuit Court here, asking for support and maintenance and the custody of their daughter, 12 years old.

The petition states that the plaintiff and Thaw were married in Buffalo about October 6, 1902, and went to New York the following day.

Mrs. Thaw says she tried to persuade him to establish a residence for her and recognize her as his wife, but he refused, and she came to St. Louis on December 2, 1903. The petition states that Thaw has taken her away to parts unknown to the plaintiff.

Her attorney, Verne R. C. Lacy, says that Thaw's mother and the Countess of Yarmouth visited St. Louis and saw the babe.

The attorney refused to tell where the plaintiff could be found. He said Thaw used the name Harry Kendall Thaw Clemmons when he married.

CHAM CLARK GETS IN THE WRONG FEW.

Washington, April 13.—Speaker Clark inadvertently attended a Republican banquet to former Speaker Cannon last night and occupied a seat of honor at the speaker's table.

The Speaker and Minority Leader Mann are to attend a fraternity dinner tonight and Mr. Clark got the idea that last night was the evening set for the event. When he arrived at the banquet hall a French dance was in progress. He vainly tried to locate his hosts at various hotels, and was on his way home to search for his invitation when information came that Mr. Mann was at the Army and Navy Club.

On this clue the Speaker hurried to the club and sighting the minority leader, headed for the banquet table. Realizing his mistake, he attempted to retreat, but the diners seized upon him. After spending an embarrassing hour at the speaker's table the unexpected guest was permitted to explain his presence.
